

Conferences, exchange opportunities and a racehorse auction are on the program of this first Special Owners' Club Day!

This first Special Day held on Tuesday 29 September at Paris-Vincennes racecourse will offer prime occasions of immersion into the universe of horseracing to all participants, according to their personal profiles. An exceptional auction will also take place with trotters having run that same day on the mythical track of the Parisian racecourse.

In partnership with the specialist of racehorse auctions, Arqana Trot, LeTrot innovates and, for the first time, will be staging an **international event for investors of all horizons** by opening the doors of its **Club des Propriétaires** ("Owners' Club") to all racing enthusiasts.

As a genuine forum dedicated to race horse ownership, this special event has been designed with a view to bringing together all kinds of racing actors. Seasoned owners, trainers, punters and beginners in the world of racing, all will find a tailor-made offer around a common passion, horseracing, and a common will, to invest.

The auction that will conclude this special Day will constitute a novelty: it will be possible to **discover the horses for sale**, prior to the auction, since they will take part in **official races** run on that same day and opened to betting. The auction itself will be held immediately after the race meeting. **Bids** will be **received directly on the spot** or via internet. The horses for sale will be already qualified and **"ready for racing"** in the next 2020/2021 Winter Meeting on Paris Vincennes racecourse, the highlight of the trotting season.

Competition-wise: a many-star menu.

On offer, a thrilling program of races staging the best horses of the season. Among them, the four-year-old participants of the Prix Alkmene, the two-year olds of the Prix Myrrha and the three-year-olds of the Prix Diotima which will be presented at the auction. The Prix Kurse (Gr.III) for 3-year-old horses and the play off of the Grand Prix de l'UET will also be part of the racing programme..

Due to the health requirements in force, the number of places is limited.

If you wish to attend and with a view to meeting the best conditions to welcome you (reservations for taxis, hotels, restaurants, export assistance), please contact us at : international@letrot.com
